MEMORANDUM

TO: Caro City Council
FROM: City Manager Scott R. Czasak
DATE: Friday, July 21, 2023
RE: Agenda Item – Repair and Painting of Tanks at Water Treatment Facility

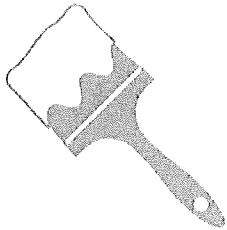

Members of the Caro City Council,

As you are aware, we are in the process of replacing the filter media at the water treatment facility, as part of the replacement process once the media was removed it was determined the inside of the treatment tanks was in poor condition and required repair and repainting before the new media was installed to ensure a long service life. As such, quotes were obtained and it was recommended by DPW Superintendent Reese, with my concurrence, to retain the services of Crystal Coatings Inc to repair and paint the interior and exterior of both tanks, his estimated cost is \$203,000.00.

In the Fiscal Year 2023/2024 budget, we anticipated spending \$100,000 to paint the exterior of the tanks, therefore, in order to have enough budgeted for this project an adjustment is required.

Your option for motions is:

1. Motion to authorize the City Manager to award the water tank painting job to Crystal Coatings Inc. at a cost of \$203,000.00, and to adjust the FY 2023/2024 budget by increasing account number 592-557-801-000, Contracted Services, by \$103,000.00, decreasing account number 592-557-999-001, Transfer to Fund Balance, by \$58,160.00, and transferring \$44,840.00 from the Water Fund Balance.

CRYSTAL COATINGS INC

Estimate
