**City of Caro
Zoning Board of Appeals
Meeting: September 11, 2025**

CALL TO ORDER: Board Chairman Rick Lipan called the meeting to order at 6:40 PM

ROLL CALL: Present were Rick Lipan, Tim Bates, Brian Wilson, Mayor Karen Snider, and City Manager Scott Czasak

APPROVAL OF AGENDA: Motion by Bates, second by Wilson, motion approved to approve the agenda for the September 11, 2025 meeting.

APPROVAL OF MINUTES: After review of the minutes of the August 29, 2024 meeting, motion by Wilson, second by Bates to approve the minutes. Motion approved.

PUBLIC COMMENT: There were no public comments after all present were queried by Chairman Lipan.

ELECTION OF OFFICERS: Motion by Wilson, second by Bates the the officers remain the same from the prior year. Rick Lipan is the chairman, Tim Bates is the Vice Chairman, and Brian Wilson is the Secretary. Motion carried.

OPEN PUBLIC HEARING: Chairman Lipan opened the public hearing to consider the Appeal of Denial for a zoning variance for 130 N. Hooper Street, Caro, Michigan. Ms. Andrea Tobey resides at the residence and is requesting a variance to place a new 8' X 10' shed in the same location where a previous shed was located, but removed due to its poor physical condition. This location is along the property south line and along an existing fence. By placing the new shed in the same location, a zoning variance is required due to set-back requirements of 8' from an established property line. The property size limits the functional utility of the site if the new shed is moved to the required set-back. Manager Czasak stated that there were no objections from the public, and read a letter from a nearby property owner that supported granting the variance. Also present were the neighbors directly to the south of the Tobey property, who stated they do not object to the new shed being placed in the same location as the old shed, which is now removed. Discussion then took place with various questions from Board members. It was determined that placing the new shed at least 1' from the existing fence would allow for access, drainage, and maintenance of the existing fence.

CLOSE PUBLIC HEARING: Motion by Bates, second by Wilson to close the public hearing. Motion carried.

ACTION ON PUBLIC HEARING: Motion by Wilson that the requested variance request be approved with the following stipulation: Said variance will not continue with the land, but be approved for the new shed. If the new shed is replaced at a later date by the existing property owner, or a new property owner, a new variance will be required. The new shed will be placed no less than 1' from the existing fence, which runs along the south property line. This motion was seconded by Bates, motion carried.

UNFINISHED BUSINESS: None

PUBLIC COMMENTS/ANNOUNCEMENTS: Manager Czasak shared educational opportunities for Zoning Board of Appeals members that are available. Funds are available in the City budget for these classes and more information is available upon request.

ADJOURNMENT: Motion by Wilson, second by Bates that the meeting be adjourned. Motion carried at approximately 7:20 pm.

Brian L. Wilson, Secretary
City of Caro Zoning Board of Appeals

MEMORANDUM

TO: Caro City Council
FROM: City Manager Scott R. Czasak
DATE: Wednesday, September 10, 2025
RE: Agenda Item – Electronic Message Signs Ordinance – First Reading

Members of the Caro City Council,

As you may know, the Planning Commission has been developing a new ordinance to set standards for electronic message signs after discovering during the rezoning process for a parcel last year that we lack any sort of regulatory ordinance. Therefore, the Planning Commission spent multiple meetings reviewing multiple ordinances from other jurisdictions which regulate these devices and developed a proposed ordinance for Council's review.

This ordinance would include regulations for the size of the signs, not to exceed 32 square feet, set a minimum time of 10 seconds for displays, uses a standard of 0.3 foot-candles over ambient for the illumination of signs using an automatic dimmer, and regulate the location, content, and number of electronic signs.

This would be the First Reading of this proposed Ordinance as we have a three-week Council cycle to properly notice for Second Reading at the October 6th meeting.

Options for motions are:

1. Motion to consider proposed Ordinance # 491 adding regulations for electronic message signs to be read for the first time and schedule a Public Hearing and Second Reading of the Ordinance for Monday, October 6, 2025, at 6:30 pm.
2. Motion to refer the proposed electronic message signs Ordinance back to the Planning Commission with instructions.

CITY OF CARO

ORDINANCE NO. 491

AN ORDINANCE TO AMEND CHAPTER 44 OF THE CARO CITY ZONING ORDINANCE TO REGULATE ELECTRONIC MESSAGE SIGNS

The City of Caro ordains:

Section 1. Amendment to Article II (Definitions), Section 44-22.

Section 44-22 of Article II of the City Zoning Ordinance, “Definitions,” is hereby amended to add the following definition:

Sign, electronic message, means a sign that uses electronic technology, such as light-emitting diodes (LEDs), liquid crystal displays (LCDs), or similar digital display systems, to present changeable messages, images, or information, which can be altered electronically without physically modifying the sign structure.

Section 2. Amendment to Article XXII (Signs), Adding New Section 44-632

Article XXII of the City Zoning Ordinance, “Signs,” is hereby amended to add a new Section 44-632, “Electronic message signs,” to read as follows:

Sec. 44-632. Electronic message signs.

Electronic message signs may be allowed in OS-1, B-1, B-2, I-1, I-2, and P-1 zoned districts by permit only and shall be subject to the following restrictions:

- (a) Size. Electronic message signs shall not exceed 50 percent of the area of a freestanding sign, up to a maximum of 32 square feet.
- (b) Display. Electronic message signs shall be limited to static displays or instantaneous changes only. Each display time shall be a minimum of 10 seconds. No video, animation, special effects (including but not limited to scrolling or moving copy or images), flashing, oscillating, or bursting shall be permitted.
- (c) Illumination. The level of illumination produced by an electronic message sign shall not exceed 0.3 foot-candles over ambient lighting conditions in a naturally illuminated environment. Measurement of sign brightness shall be in accordance with the methodology, sign area, and measurement distances recommended by the International Sign Association. The sign shall be equipped with, and shall use, photocell technology, a programmable dimmer, or a similar mechanism to automatically adjust brightness and contrast based on ambient light conditions. The sign shall also incorporate security technology or devices to prevent unintended changes to sign messages or images by anyone other than the sign operator.

- (d) Certification. The owner of an electronic message sign shall supply certification from the manufacturer or installer that the sign is programmed to meet the illumination levels, static display times, and image requirements stated in this ordinance. Additionally, the owner shall submit a signed letter certifying compliance with these standards in the operation of the sign.
- (e) Location and proximity to residential areas. Electronic message signs shall comply with section 44-628 and shall not be located closer than 100 feet to any residential district or use. An electronic message sign is permitted only as part of an identification sign for residential subdivisions, site condominiums, manufactured home parks, multiple-family complexes, and non-residential uses allowed in the zoning district.
- (f) Message content. Messages displayed on electronic message signs shall relate only to the business or activity at the location where the sign is erected, or to a branch or other location of the same business.
- (g) Malfunction and repair. All electronic message signs shall default to an unlit black screen if 25 percent or more of the light source fails or if 25 percent of the light source is otherwise not displaying properly. Any voids or burned-out bulbs in an electronic display shall be replaced within 30 days.
- (h) Number of signs. No more than 1 electronic message sign shall be permitted per street address.

Section 3. Severability and Validity.

If any portion of this Ordinance is found invalid for any reason, such holding will not affect the validity of the remaining portions of this Ordinance.

Section 4. Repealer.

Any ordinances that conflict with this Ordinance are repealed to the extent necessary to give this Ordinance full force and effect.

Section 5. Effective Date.

This Ordinance takes effect seven (7) days after publication.

RE: Agenda Item – Fire Department Bunker Gear

Members of the Caro City Council,

As you know, during the budget process the City allocated \$18,000 for the regular replacement of 4 sets of bunker gear on the rotation the Fire Department has been on for a while now. As per that budgeted item the Fire Chief sought quotes from regular vendors and received two proposals:

Municipal Emergency Services - \$14,336.00
Dinges Fire Company - \$11,192.00 (plus shipping)

After reviewing the proposals, the Fire Chief has recommended purchasing the equipment from Dinges Fire Company as they are the lower quote and from his conversations with the company the Chief is satisfied the gear will be up to our standards.

Options for motions are:

1. Motion to purchase 4 sets of bunker gear from Dinges Fire Company for the quoted price of \$11,192.00 plus shipping.
2. Motion to purchase 4 sets of bunker gear from Municipal Emergency Services for the quoted price of \$14,336.00
3. Instruct the Fire Chief to obtain more options.

RE: Agenda Item – Fire Department Drone

Members of the Caro City Council,

As you may know, the Fire Department has been actively seeking grant funding to obtain a drone to assist them in their work to be able to get a birds eye view of situations as they are needed. Recently, they received confirmation of obtaining grant money to go towards the purchase of a drone. Additionally, the Fire Fighters Association has pledged money towards this project, as has the Police Department and the DPW as it would also be able to aid them in their work.

Due to the unsure nature of this purchase, the Fire Department did not directly budget for the expenditure, therefore, they are requesting Councils' consent to the purchase and the budget adjustment necessary to complete the purchase. Once they received the grant, they determined the best option for cost is a drone from DSLR Pros'.

The drone would cost \$13,057.00, and they would and estimated 30 pilot's licenses to operate the drone at a cost of \$175.00 each, for a total requested cost of \$18,307.00. The Police and DPW budgets have already been planned with this purchase in mind, however the Fire Department budget will need to be adjusted for their share of the overall costs, to come from fund balance.

Options for motions are:

1. Motion to purchase a DLSP Pro's drone for a cost of \$13,057.00, purchase 30 pilots license for a cost of \$5,250.00, for a total cost of \$18,307.00 and order the City Treasurer to make the necessary budget adjustments to account for this purchase.
2. Instruct the Fire Chief to obtain more options.
3. Postpone for further discussion.
4. Take no action.

RE: Agenda Item – Police Department Tasers

Members of the Caro City Council,

As you know, the Police Department utilizes Taser technology from Axon Enterprise Inc. as a tool in the field to use non-lethal force when necessary. As such, the Police Chief obtained a quote from Axon Enterprise Inc, the exclusive seller of Taser technology, to obtain 8 tasers plus the software required for the equipment for a quoted price of \$10,109.18.

Options for motions are:

1. Motion to purchase Tasers from Axon Enterprise Inc for the quoted price of \$10,109.18.
2. Instruct the Police Chief to obtain more options.
3. Postpone for further discussion.

RE: Agenda Item – New Kubota

Members of the Caro City Council,

As you know, during our last Council meeting the Council voted to purchase a new Kubota from Farm Depot for \$22,300.00. Unfortunately, when we went to pick up the new Kubota the model we had wanted had sold out. Therefore, Farm Depot offered a slightly different model, comparable to what we initially wanted, but it was \$23,400.00, a difference of \$1,100.00.

Therefore, to purchase this Kubota we will need a revote from Council to account for the difference in price. Importantly, this is still lower than the \$28,479.00 from Bell Equipment, and is still under the budgeted amount of \$25,000.00

Options for motions are:

1. Motion to purchase a Kubota from Farm Depot for the quoted price of \$23,400.00.
2. Motion to purchase a Kubota from Bell Equipment for the quoted price if \$28,479.00 and instruct the City Treasurer to adjust the Fiscal Year 2025/2026 budget to account for the purchase price over budget.
3. Postpone action.
4. Take no action.

Hi Tammy,

Thanks for reaching out---we can do 3.65%/3.72% APY on a 1 year CDARS.

Treasury rates have dropped pretty significantly after this past Friday's jobs report was released. New CDARS rates come out every Wednesday with orders due by end of day Tuesday the following week so the 1 year CDARS rate will probably be a little lower the end of this month if the Federal Reserve does end up cutting rates by .25% at their 9/17 meeting as projected. Let me know if you have any questions. Happy to help!

Thanks again!

I had the opportunity to attend the Caro Chamber of Commerce meeting with Deputy Chief R. Gaiser. He did a presentation regarding "Shop with a Hero 2025". This event has been active for many years and is sponsored by the Caro Police Department and Caro Walmart. The funds are solicited from individuals and businesses in the area. The event sponsors 40 kids who each receives \$100 gift card to shop for Christmas and 40 food baskets will be given away. Deputy Gaiser is the lead for this event and he deserves a huge thank you for making this event what it is today. There are many volunteers that helps with the shopping or wrapping presents.

There was no Caro Rotary meeting on September 1, 2025 due to Labor Day but I attended the Caro Rotary meeting on September 8, 2025. A presentation was given by the Caro Club Interact students President and Vice President. The Interact clubs bring together young people ages 12-18 to develop leadership skills while discovering the power of Service Above Self.

I attended visitation for former Tuscola County Sheriff Leland Ward Teschendorf who passed away on August 30, 2025. Leland (Lee) was a very active member of our community and belonged to many organizations. He was a very kind person and took time to listen even when he was busy. My last memory of Lee was when he took me out back to his garden and introduced me to each of his wife (Christine's) plants. He gave so much to our community and we could never thank him enough.

It was fun visiting the Farmer's Market which had a good turnout.

I attended the Planning meeting on September 9, 2025 and Downtown Development Authority meeting on September 10, 2025.

MEMORANDUM

TO: Caro City Council
FROM: City Manager Scott R. Czasak
DATE: Wednesday, September 10, 2025
RE: City Manager's Report

Members of the Caro City Council,

As we enter into the Fall season we see the regular shipments of sugar beets to the Michigan Sugar facility as it is the most prominent sign here in Caro of the end of summer and the beginning of fall.

In addition to my usual Rotary attendance, meetings with staff, residents, and business interests, I have my first group Zoom session as part of the Asset Management Champion program, the discussion has already led me towards some areas we can specifically work on to improve our asset management system.

Also, I am happy to report by the time this memo will have reached Council that we will have had the grand opening of the new Starbucks location here in Caro on M-24. From the first time the developer called me to discuss our development process, to the Planning Commission review, to this grand opening this is the first new business building development I have been involved in from start to finish. I am very hopeful this will prove to be a catalyst for other developers to see that Caro is open for business and this is a place you can grow, either as an international chain, or a mom and pop business.

Importantly, I notified Council about the removal of the digester cover as part of the Wastewater Treatment Plant project, unfortunately, the removal had to be delayed as the 500-ton crane, capable of lifting 100,000 lbs, was not sufficient to lift the cover. We will have to reassess and bring an even heavier crane to remove the cover.

Lastly, I will be in Grand Rapids from September 17-19 for the MML Annual Convention, and I will be taking some vacation time on September 24-26, however, as I have no plans to leave town I will not be naming an Acting Manager at this time. If my plans change, I will inform Council.

Keep the fall events on your calendar, including the Pumpkin Festival, Harvest on the Rive, and Fall Clean-Up!

SUBJECT: Treasurer's Report
DATE: 9/10/2025

It has been a busy month. The auditors were here August 18th through 22nd. There are always many things that they need to see, but they have said that they are all set for now. Their final report may take several weeks to complete.

I will be attending the Michigan Municipal Treasurer's Association Fall Conference September 21-25. I look forward to picking up some tips for best practices while networking with treasurers from around the state.

Summer tax collection is continuing. The front office has been busy processing payments, and completing all of the extra paperwork involved. As of September 9th, we have collected 55% of city taxes due. The final day to pay taxes without interest is September 15th.

In addition to these items, the following tasks have been completed:

- Reconciled Bank Accounts
- Reconciled Investment Accounts
- Prepared Financial Statements and Reports
- Completed Journal Entries for interest, bank fees, and various other financial transactions
- Allocated taxes collected
- Assisted at the Front Desk during lunches and vacations, ensuring smooth operations
- Assisted Residents with a variety of questions and concerns, providing timely and accurate information
